Notes:

Following this plan will allow you to complete your B.S.B.A. degree in Entrepreneurship and the required minor in Business in four years (eight semesters), assuming you meet minimum performance expectations in all courses. Give careful attention to course prerequisites, as they are strictly enforced. If you choose to earn your degree over a period longer than four years, the basic sequence of courses shown above will still apply in most cases. If you decide to deviate from the recommended sequence, you should consult with the College of Business Center for Student Excellence for assistance in developing an alternative plan.

¹The Bachelor of Science in Business Administration (B.S.B.A.) with a major in Entrepreneurship is a selective admissions program. Students enter the program as a Pre-Entrepreneurship major. Upon completion of the six courses in the selective admissions group (ACC 200, ACC 201, BUS 230, ECO 200, ECO 201, and MKT 205) with a grade of C- or better in each and the achievement of an overall NKU GPA of 2.50 or 2.50 GPA in six selective admissions courses are admitted to the college as a B.S.B.A. Entrepreneurship major.

²Entrepreneurship majors are required to take one ENTP Elective at 300/400 level (3 credits).
